The Vulcan Ladies' Curling Club will hold a banquet at the home of Mrs. Pete McArdle, tomorrow, Friday evening. The annual business of the club will be transacted, and the presentation of prizes will take place.

UNITED CHURCH NOTES
The regular services will be held at the United Church next Sunday, March 23 at 11 a.m. and 7.30 p.m. Special music will be rendered by the choir.

At the evening service Mr. Brunton's subject will be: "Dr. Jekyll and Mr. Hyde." Are they real characters? What has Paul to say about them?

Rev. J. M. Menzies of Homan, China will be our guest Sunday, March 30 and will speak at the morning service. A large attendance is requested.

A meeting of the 'teen age boys and girls will be held Friday evening of this week at 7.30 and will be followed by a social hour. Mr. J. H. Wyeierley will give the address.

DADS AND LADS HAVE GOOD TIME TOGETHER

On Friday evening the dads and lads met in the L.O.O.F. hall to feast together. The banquet was opened by a toast to the King and was replied by singing God-Save-the-King.

About ninety fathers and sons were assembled together and from the enjoyable time spent there, it would be difficult to know which enjoyed themselves best, father or son. After a most enjoyable supper supplied by the ladies, teachers and friends of the Sunday school, a fine program of addresses and songs was enjoyed by those present.

Our invited guest was Mr. Jack Collett, Premier of Alberta's Boys' Parliament of Peace S.D. Mr. Collett gave the boys and fathers a fine address on Success which was enjoyed by all. Toast Master was Royce Clark who filled this position in an able manner.

"The Church" was proposed by Douglas Brunton in neat and interesting speech. His father, Rev. Brunton, replied in his usual happy manner. Jack Anderson proposed "Our Fathers," and in a very nice way suggested that father and son should be more like pals. Alderman P. M. Anderson, Jack's father, responded and gave a very instructive talk upon the better conditions for boys to grow up in today. "The Sunday School" by Clifford McArdle, who spoke upon the greater advantages the boys have when attend Sunday school. Alderman P. McArdle, father of Clifford, and Sunday School Superintendent, responded, stressing the benefit of Sunday Schools and the pleasant gathering he has among the children.

Albert Collier, in a very fine address, proposed "Our Town," and said the only thing they had against the town was the ringing of the curfew. Mayor Butchart responded in his usual happy way. The fame of Vulcan is known far and wide as a well kept and attractive town. "Our Guest," was the last toast given by Jack LeBow who said that our guest was looked upon as the leader of the Youth of Alberta. In reply, Mr. Collett gave a very able and instructive address on Success.

Mr. Ross Clark proposed a vote of thanks to those who had labored to make the banquet the great success it was. Miss LeBow on the piano and Mr. Hetherington on the violin, led the sing songs and their efforts were much appreciated by the boys. Oswald Wycherley and Robert Willard conducted the boys and dads to their seats. Each and all did everything that could be done to make the 1930 banquet the success it was. The banquet was closed by singing O Canada.

NEW SUPERINTENDENT MUNICIPAL HOSPITAL

Miss McLeod Lethbridge, has been appointed superintendent of Vulcan Municipal hospital in place of Miss Willows who has been in charge since the opening of the institution, fourteen months ago, and has recently resigned. The new superintendent will take up her duties on April 1, and, as a former matron of High River Municipal hospital, she is well and favorably known to many in this district. Miss Hibbard of Calgary is in temporary charge here.

The following extract from the Lethbridge Herald will be read with pleasure by Miss McLeod's friends here, and will be of interest to the public:

The retirement of Miss Mabel McLeod from the staff of the Nursing Mission, where she has been acting superintendent in the absence of Miss Tilley, is regretted by the citizens of Lethbridge. Miss McLeod has accepted a position to become superintendent of the Vulcan Municipal hospital and will take up her duties there on April 1.

The Christmas Cheer fund was very ably aided under the supervision of Miss McLeod and marked efficiency has been shown in her administration of the affairs of the Nursing Mission.

LOCAL ITEMS

On a cold morning—prove REGAL GASOLINE. Adv.

Miss Ena Watt, who is attending Garbutt's was home over the weekend.

Everyone is cordially invited to attend the Vulcan High School literary meeting and programme at the Vulcan theatre on Friday, March 28, at 3 p.m.

K. R. McLean, of McLean & Anderson, Sight Specialists, 224 8th Avenue West, Calgary, visits the King Drug Store Saturday, March 29th. Make appointments Drug Store.

Miss Grace McKie and Mr. Wm. Anderson were married on the first of October in Calgary. Mr. and Mrs. Anderson have recently started housekeeping.

THIGH HILL W. I.

The Thigh Hill W. I. met at the home of Mrs. Tuttle in Vulcan on March 13. The meeting was opened by singing O Canada repeating the creed and saluting the flag. Roll Call was answered with Irish jokes which caused much amusement. A paper on the Women's Allowance Act was read and discussed. Plans were made to entertain the husbands of all W.I. members in the near future. After the meeting adjourned an excellent lunch was served by the hostess assisted by Mrs. Pepper and Mrs. Underwood. The next meeting on April 10 at the home of Mrs. Pepper, Vulcan.

VULCAN VETS WILL CELEBRATE VIMY NIGHT

The anniversary of Vimy, Wednesday, April 9th, will see the local branch of the Canadian Legion celebrating this famous night in a manner befitting the occasion. No engagement in which the Canadian Corps took part in the Great War holds the glamor and memories and and gay, that "Vimy" does in the heart of the Canadian soldier, and no incident brings a greater thrill of pride to those, who were not privileged to serve, than the fame mention of the name "Vimy." A committee composed of Comrades Mays, Dawson and Mellon are in charge of the arrangements and the success of the celebration is already assured. Prominent speakers and entertainers will be present, and with the banquet and dance in capable hands and nothing ther need be said. A record crowd is expected to attend what will, no doubt, be an annual event.

ATHLETIC ASSOCIATION ANNUAL MEETING

The annual meeting of Vulcan Athletic Association took place on Tuesday evening in the Memorial Hall, with Mr. E. King, president, in the chair.

The minutes of the meeting held on May 8 were read by the secretary, Mr. R. L. Elves, and were adopted, as was the financial statement for the year.

Messrs Irvine, McArdle, Recore, McPherson, McInnis and Mayor Butchart addressed the meeting.

The committee for the coming year was appointed as follows: Messrs. Irvine, McInnes, Butchart, McArdle and Recore. A full report of this important meeting will appear in our next week's issue.

OBITUARY

Mrs. L. A. Dowling

We regret to record the death of Mrs. L. A. Dowling, Lomond, and formerly of Vulcan, which took place at the Holy Cross Hospital, Calgary, on Monday, March 10.

The deceased lady suffered a lingering illness and was confined to the institution mentioned above for over seven months, she was conscious to the last, and all the family was at the bedside, when the end came.

Mrs. Dowling leaves to mourn: her husband of Lomond; four sons, O.V. of Vulcan, H. T. of Calgary F. L. of Vulcan, Raymond of Calgary; also three daughters, Mrs. J. Bird, Mrs. F. Pashack and Helen, all of Calgary; her father and mother are also left, besides five sister and six brothers, all residing in the United States. She leaves eight grandchildren.

Deceased was born March 25, fifty six years ago; she was a member of the Women's Institute and of the Baptist Church, and came to Vulcan five years ago from the United States.

A funeral service was held in Foster & Foster's funeral chapel, Rev. T. Turnbull officiating, and the remains were laid to rest in the Burnsland cemetery Calgary.

The esteem in which the deceased lady was held was evidenced by the large attendance at the service and many beautiful flowers sent to the funeral, among the latter being those from: Mr. and Mrs. C. P. Roth, Mr. and Mrs. Langman, Miss Annie Armstrong, Mr. and Mrs. E. Beeston, Mrs. H. P. Gray, Palace Theatre staff, Mrs. Irene Trimmer, Mr. and Mrs. A. Huntington, Miss Dorothy McDonald, Floyd Harley and Raymond Dowling, Mr. and Mrs. O. V. Dowling L. A. Dowling and Helen, Mr. and Mrs. Harry Smith, Mr. and Mrs. G. Buchanan, Mr. and Mrs. A. L. Stevens, Mr. and Mrs. Leo Spinkie, Mr. and Mrs. James Bird, Mr. and Mrs. F. J. Pashack, Mr. and Mrs. Joe Pashack, Mr. and Mrs. Clyde Pashack, Mr. and Mrs. F. Buchanan, Mr. and Mrs. Donald Bird, Vera and Marjorie Marshall, Mrs. K. Pashack H. L. Perry Co. and staff, the Windle family.

The pallbearers were: Francis Pashack, H. L. Perry, James Bird, Donald Bird, Hamilton Johnston, W. Saunders, E. M. Beeston.

LAKE MCGREGOR PICNIC ASSOCIATION MEETING

A meeting of Lake-McGregor picnic association was held at Milo on Friday last. U. F. A. locals were represented as follows: Reid Hill, O. V. Hickman; Berrywater, N. S. Campbell; Kirkdale, Ed. Syngre; Milo, R. Shore; Queenstown, W. F. Mallet.

President Ed. Syngre was re-elected for another term and Alex. McIntyre was re-elected sec-treas. It was decided to hold another picnic this year date to be arranged later.

The following committees were appointed: Athletics, Ed. Syngre; refreshments, O. V. Hickman; horse races, N. S. Campbell; baseball, W. F. Mallet; football, N. S. Campbell; dance, R. Shore; gate Alex. McIntyre.

The association decided to offer a cup for football, same to be won twice in succession before the property of any team.

OBITUARY

Jean Lockhart

Much local sympathy was extended to Mr. and Mrs. B. D. Lockhart, Reid Hill, on the occasion of the death of their daughter, Jean, which took place in a Calgary hospital on Thursday morning last.

The parents formerly resided in Vulcan, and Mr. Lockhart now runs the store at Reid Hill.

Deceased who was a bright and active girl, suffered for a long time as a result of appendicitis and pneumonia, and before her removal to Calgary was a patient in Vulcan Municipal hospital.

The funeral services of Jean Lockhart, daughter of Mr. and Mrs. B. D. Lockhart of Reid Hill who died at the General Hospital, Calgary, early Thursday morning, March 13, aged 8 years and four months, was held at Shaver's funeral home Saturday afternoon and was largely attended by friends and relatives. Ninety-two wreaths of flowers were placed upon the casket showing the widespread sympathy for Mr. and Mrs. Lockhart at this time of their sore bereavement.

Rev. J. N. Brunton of Vulcan who conducted the service brought a message of comfort and consolation to the heart-broken family from II Sam. 12:23. The words of David when he heard of the death of his child: "Can I bring him back again? I shall go to him but he cannot return to me." A beautiful rendering of "Safe in the Arms of Jesus" by friends of the family united to make the service most impressive. Arthur Cook, Russell Marshall, Harry Bradley, Arthur Colley acted as pallbearers. The body of little Jean was laid to rest in the Calgary cemetery.

BERRYWATER LOCAL BUSINESS AND SOCIAL

On Saturday evening, March 15, a joint meeting of Berrywater U. F. A. and U.F.W.A. locals was held in the Berrywater school. There was a good attendance of members of both locals.

After the routine business had been disposed of, the results of a membership drive, U.F.A. vs. U.F.W.A., were handed in. The ladies won "hands down" with a score of 18 to 2. The losers are to entertain the winners in the near future.

Another interesting and educational feature was the reading of a series of papers on "The Organization and Development of the Wheat Pool," by four school children of the district, namely: Misses Ethel Campbell, Annie McLean, Della Carr and Mr. Ken McLean. Small prizes were awarded to all the contestants in the order of merit.

A short musical program followed, interspersed with community singing and addresses the following ladies and gentlemen kindly assisting: Misses A. McLean, Ethel Campbell, Margaret Oldfield, Freda Boulter, Master Gordon Campbell and Messrs. D. B. Lewis and C. S. Campbell.

The ladies of the U.F.W.A. generously provided a lunch of ice cream and cake, following which the meeting adjourned.

LOCAL ITEMS

Mr. Cecil Wray, of Gleichen was a Vulcan visitor last week.

Mayview U.F.A. will put on a play and dance on April 4th. Particulars will be found in our advertising columns.

Fred Simington went to Calgary on Sunday morning and while in the city will have his tonsils removed. Many friends here hope that the operation will be quite successful.

Mrs. T. McKie, who has been visiting with Mr. and Mrs. Tommy Wilson in Medicine Hat returned home on Saturday. Her daughter, Mrs. Wilson and granddaughter, Betty, accompanied her.

MAPLE LEAF GIRLS' CLUB

The Maple Leaf Girls' Club met at the home of Mary Brown. Meeting opened by singing "O Canada," and repeating the creed. Roll Call was answered by a verse about Spring. A dance will be held at the Harvey school, March 14th. Report for the year to be sent to the Good-Deeds W.I. The meeting closed by singing "My Bonnie." A dainty lunch was served by the hostess. Next meeting to be held at the home of Irene Willette.

Miss Irene Hemingway was a visitor at the home of her parents during the week end.

NEW REEVE ELECTED ROYAL MUNICIPALITY

The first meeting of the new council of the Municipal District of Royal took place in the office on Thursday last, with all the councillors in attendance.

Mr. H. O. Lundgren was elected Reeve for the year and Mr. J. Eamor deputy-reeve.

Routine business was transacted and several accounts passed for payment.

The council also passed a resolution authorizing the purchase of 500 ounces of strychnine sulphate to be distributed among the farmers of the district for use as gopher poison.

The new road running west from Kirkcaldy also received the authorization of the council.

Arrangements were made for crew to run the grading outfit.

LOCAL ITEMS

A display of the latest new spring hats at the Vulcan Millinery—Mrs. C. C. Packwood. Adv.

Mr. Grant, representing Messrs. Tuil & Arden, Calgary, was a Vulcan visitor on Monday.

The W. A. of St. Aldhelms Church will hold the regular Easter bazaar on the Saturday before Easter, April 19th.

The Catholic Women's League gave a final night party on Monday evening in the church basement. There were about fifty people present. Lad-le's first prize, was won by Miss Kathleen Stack, consolation by Mrs. Mitchell; gent's first went to Mr. Jack Packwood and consolation to Raymond Gerding. A lovely lunch was served at midnight.

CHURCH OF CHRIST

Sunday evening, March 23, The Christian Endeavor of the church will put on a splendid program. Each one will have an important part in this undertaking. Come and hear this worthy group of young people render their services for the Master.

Eight o'clock, opening song service three hymns; prayer by Joe DeWitt; six of the group will each give a beautiful parable; special number by Endeavor choir; reading by Miss Vern McPeak; quartette "All for Jesus," by Mr. and Mrs. Theo Mutz and Mr. and Mrs. W. C. Williams; playlet "Why go to Church?" including a recitation by Miss Angela Bantim, and a duet by Mrs. Theo Mutz and Mrs. W. C. Williams; closing hymn followed by prayer.

Sunday, March 23

Morning worship at the usual hour Message following communion. The message: "What Must I do to be Saved?" Bible school 11:30 to 12:30. Christian Endeavor 7:15. Let each member be present and give his or her royal support at this time. An invitation is extended to everyone to come out and enjoy these services.

POPULAR COUPLE LEAVE

Mr. W. H. Scott of the local telephone staff has been promoted to a position on the automatic system at Drumheller and, as a consequence, he left on Monday.

The departing citizen has been eight years in Vulcan and is the senior member of the local staff in point of service.

As a mark of esteem and best wishes for future success, Mr. and Mrs. Scott were entertained by the local staff and ex-operators at the Imperial Hotel on Thursday evening and were there presented with a handsome case of silver.

Mrs. Scott and daughter, will remain until the end of the school term.

A farewell party was given by the Vulcan Amateur Dramatic Society on Saturday evening at the home of Mr. and Mrs. F. L. Simington when Mr. Scott, who has been a valued member of the organization, was presented with a pair of hair brushes and a clothes brush, as a small token of appreciation and regard. Everybody had an enjoyable time, and all expressed the best of good wishes for Mr. and Mrs. Scott in their new home.

OUT OF Your Seed Bed

Come

ASK THE MAN
WHO OWNS ONE

Out of the furrows you turn—out of the acres you work—out of the seed beds you prepare come the crops which give you your harvest profits. The time to do this work is when the land is right—the way to do it is with a CATERPILLAR tractor. On their wide cleated tracks they travel summer-fallow without packing, heavy pot-holes without coughing and groaning. Stamina they've got for every job—power to do it easily, steadily. There's a size for your farm. It will prepare your seed beds and put your crops in while the land is right. Bigger harvest profits will result—bigger profits every day of the year.

For prices and full particulars write to

TOM WHITTINGHAM
Editor and Manager

FIRE LOSS HEAVY

Fire losses in Canada in 1929 reached a total of \$31,469,000, an increase of nearly \$5,000,000 over the preceding year, according to a report issued by G. D. Finlayson, dominion superintendent of insurance. Fire insurance premiums written during 1929 amounted to \$58,393,000, an increase of \$1,281,000.

Losses in automobile risks totaled \$9,518,000 or 56.51 per cent. of premiums written, as against 62.18 per cent. in 1928.

The year 1929 proved much more favorable for the hail insurance companies, the loss ratio being 28.24 per cent. of the premiums, compared with 100.39 per cent. in 1928.

WESTERN RELIC

An old brick making machine that was once used at Pincher Creek, Alberta, is now forming part of the collection in the Henry Ford museum. More than that, this machine was the property of the Miner family. When Jack Miner was visiting his sister in Pincher Creek he re-located the old brick-making machine, which had been brought west when members of his family came out here. He had his relatives ship it back to Ontario and he has sent it over to the Ford Museum at Fort Dearborn.

CHEAPER FUEL

Liberal Leader, Joseph Shaw is responsible for bringing in a motion regarding unrefined gasoline which was unanimously adopted by the Alberta Legislature. When the province of Alberta secures its resources there will be a provision in every oil lease granted by the province which will compel producing oil companies to sell unrefined gasoline and distillate for tractor and engine use by farmers and others at the well head, at prices to be fixed by the government. Gasoline produced in Alberta, Captain Shaw said, speaking to his motion, contains a high percentage of distillate and for some time the McLeod Oil Company at Turner Valley had sold high grade unrefined naphtha at well head for industrial use in tractors and engines but had recently discontinued to do so, with the result that these purchasers had now to buy refined gasoline at much higher prices. Coal could always be bought by settlers at the pit-head at \$2.75 per ton provided it was for personal use, Captain Shaw pointed out, and now that petroleum was coming into general use, he felt that there should be similar provision with regard to it.

about \$10,000,000 on construction and maintenance of highways this year. This is about twice the amount allocated for Alberta highways.

NOT INTERESTED

The government of the Isle of Man recently organized a training school for young farmers who wished to emigrate to the colonies, to Canada especially. Although the school was well advertised, gave free training, free board and lodging and allowed student \$1.50 per week for spending money while at school, there was not a solitary applicant for the training course.

TOPPED THE MARKET

J. A. Hole, the Airdrie stockman, had a wonderfully nice shipment of beef turned off a week ago, and had the satisfaction of getting a \$10 price for 20-head of his steers and \$9 on four head; the former was the largest bunch of \$10 beef that had been turned this winter in Calgary district. Mr. Hole fed the cattle on his farm and had them on a finishing ration of 11 lbs. of wheat chop and molasses since No. 4. The cattle were all whitefaces.

ANOTHER WAR BOOK

It appears that quite a number of war books, in the grim vein of "All Quiet on the Western Front," have been written by returned men, but have had difficulty in finding a sufficiently brave publisher.

We have one of these in Canada, W. Redvers Dent, an Anglican clergyman of Orillia, Ontario, wrote his book "Show Me Death," over two years ago. It has met with a cold reception from publishers who were afraid to launch anything so brutally realistic.

Now however, with the tremendous success of "Journey's End," "Good-bye to All That," and the "Western Front," the publishers are clamoring for the manuscript which they so recently shunned.

So next month "Show Me Death," an all-Canadian product, will be on the book stands. It is a story of the C.M.R.'s with many well-known characters appearing in its pages.

PEACE MONUMENT

The Mystic Shriners' memorial to perpetuate the 100 or more years of peace enjoyed by U.S. and Canada, and the historic visit of Premier MacDonald to President Hoover, will be one of the most imposing monuments on the continent.

The site chosen has been agreed upon as the Canadian National Exhibition grounds in Toronto. The unveiling of the monument will take place on June 12, at the great Toronto convention of Shriners. Invitations to be present are being sent to the Governor General, Prime Minister, President Hoover and all leaders of Provinces and States as well as all Grand Masters Masonic Grand Lodges.

It is a great Peace Monument standing 40 feet high and on the bronze shields will be inscribed "Peace be on you, on you be peace" and the basic structure, at least, will be of Canadian stone. The monument is to be of bronze and stone.

There isn't much to see in a small town—but what you hear makes up for it.

BUT MORNINGS, OH BOY!

Young man to drive a standard shift car. Must be a careful driver from four o'clock in the afternoon on. Ad in the Charlottesville Daily Progress.

BEWARE OF THE HOPPER!

Western entomologists, prophesying the probable pests that will menace prairie crops next season, put grasshoppers on the list as increasing in abundance, but unlikely to do any serious injury in Alberta. In fact, compared with the worms, bugs and flying things that are predicted for Saskatchewan and Manitoba, Alberta does not appear to have anything to dread.

The increasing proportion of people dissatisfied with "teen age education" as it exists in Alberta, will realize satisfaction in the statements of Dr. Sandiford of Ontario College of Education. He says:

"The bulk of children are not book-minded. They are manual minded. The best age at which to test a child's intelligence is at eleven, when he should be started on his life work. Intelligence can be measured very accurately from the age of three to the age of 16, and especially so in the middle range of these years.

Successive intelligence tests of children of school age show a great constancy. The mind can grow horizontally but it cannot grow vertically beyond natural endowment. A man can cover an increasingly large area on his mental level, but if he is not naturally a mental giraffe, he can never put his head in the clouds.

Amongst many intelligence tests, the majority of children are not book minded, it is found. Yet the high school courses were planned for the intellectual elite who could work with their brains. At this work the manual-minded were miserable failures. But if they were transferred at eleven to some technical training—commercial, agricultural, domestic science or other practical vocation, they would get sound training and be useful citizens. The ideal school system would differentiate children at 11 years of age. The manual minded would take vocational training up to 16. The book-minded would be B.A.'s by 18.

Any father, no matter how well-to-do, should be happier to see his son a good carpenter than an incompetent doctor."

Strangely enough, parents who have opportunity, are flocking to the intelligence testers, to find out just what Johnny's I.Q. test (Intelligence quotient) may be so that they may learn how to start him rightly and start him early.

IT MAKES ONE MAD

The town of Camrose suffers a mild and very natural irritation, because their citizen, Mr. Jostein Nordmoe, Canadian ski-jumping and racing champion, is never located correctly in the newspaper reports. Eastern papers give him greatest praise, but say vaguely: "Nordmoe from the Coast" or "from the foothills" and the ones that have given his home town as Camrose, make it Camrose, B.C.

The laying of steel commenced last week from the Blackie end of the new C.P.R. line from Blackie and Arrowwood.

CATTLE FOR E. P.

Professor Carlyle, manager of the E.P. Ranch has left on a business trip to England. It is his intention to bring back to the E.P. about 20 head of pure bred cattle from the Prince of Wales' farm in Cornwall, England.

IS IT NEEDED?

The Provincial Government is being attacked for maintaining an Alberta office and Mr. Greenfield in London, England. George Webster has been strong and continuous in attack maintaining that the office is quite unnecessary and with immigration slowing down, even more unnecessary. Conservative Leader Duggan supported the maintenance of the London office though doubtful that Mr. Greenfield was best suited to the office.

Premier Brownlee in defense of continued maintenance at \$18000, pointed out the increasing interest in our industrial conditions in England. One Calgary firm it was claimed, secured almost its entire capital through introductions from Mr. Greenfield. He was assisting, both in coal and oil development and in securing British interest.

Vulcan Herald

VOL. 2. VULCAN, MARCH 13, 1930 No 12

Vulcan Herald
Published in the interest
of the People of Vulcan
and the Farms and the
Farmers of the District.
J. T. WILLARD, Editor.

Dairy authorities, men
who understand and ap-
preciate cream separator
construction, have pro-
claimed the McCormick
Deering a great advance
in cream separator bowl
design.

McCormick - Deering
cream separator bowls
will perform efficiently
under varying conditions.
They will skim milk from
cows long in lactation.
They have ample slime
space for long, continuous
runs without interfering
with skimming efficiency.
They will maintain a uni-

form cream density under
a wide range of tempera-
tures. All these features
and many more have been
incorporated in the new
McCormick - Deering for
the purpose of providing
a cream separator that
will skim closer, last long-
er, operate easier, and
provide a profitable daily
cash return on the invest-
ment.

A certain young man
was recently speeding
merrily along the road
when he caught up with a
party of children on their
way to school. He asked
them if they cared to ride
and for an answer they
piled into his Ford until it
was so completely filled
that one little girl had to
sit on the driver's lap. She

was a plump little thing
and the driver cuddled
her close to keep her away
from the steering wheel.
"Do you like school?" he
asked her.

"Yes, sir," she lisped.
"Do you go every day?"
"I haven't missed a day
this year," the little girl
replied.

"Good little girl!" said
the driver, kissing her soft
cheek. "Do you like your
teacher?"
"Yes, sir," said the lit-
tle girl, "I'm the teacher!"
And the Ford nearly
went into the ditch!

WANTS UNION GOVT

In the opinion of the Edmonton Journal, the time has come for a Union Government in Alberta. While this is no reflection on the U.F.A. Govt. which is freely conceded to have accomplished much creditable work, yet the Journal considers that the transfer of the Natural Resources marks the opening of a new era of opportunity, with very large responsibilities devolving. "The task demands the requisitioning of the services of the citizens best fitted for it, regardless of their previous political sympathies. The government should draw its support not from one but from every branch of economic activity. Only in this way can the adoption of policies be assured that will do justice to all callings and advance general interests."

Under these circumstances, the head of the government would be well advised to issue an invitation to each of the groups in the legislature to join with him in the formation of an administration which will include representatives of them all. This would mean the obliteration for the present of former party differences as far as the business of the province is concerned.

An Irish farmer had a cow which was almost impossible to milk because of its restiveness, so he decided to get rid of it, and he sent Casey with it to the market. Returning with much more money than he expected the cow would fetch the farmer asked him if he had told the truth about the cow. "Begorra, I did," replied Casey. "The man asked me if she gave plenty of milk and I said: 'Man you'll be tired to death with the milking of her.'"

ALL ROUND SUCCESS

The San Francisco buyers went home empty handed. Prices were too stiff for them.

Although a number of horses were turned back as not being as stipulated, practically all were re-sold again. The classifications in connection with the sale were clear. There could be no objection to some minor defect if the horse were classified as "serviceably sound." A horse however, classified as sound must be just that. In the various questions which came up before Dr. Talbot between buyer and seller, there was no disputing and no dissatisfaction.

While the entries specified that all horses be "broke gentle," there is apparently a difference of opinion between Eastern buyers and Western ranchers as to what broke gentle means. The Western man has a large expansive idea of a gentle horse, but an Eastern buyer won't stand for so much as a snort. He has no use for a horse that is not "broke gentle" within the most rigid meaning of the term.

The cost of education in Britain has risen 200 per cent. since the war. Hon. Charles Stewart has been presented with a medal for valuable services to the mining industry of Canada.

WHEAT CARRY OVER

Likelihood That Large Amount of Wheat Will be Carried Over

A large carry-over of Canadian wheat seems imminent, according to the report of E. A. Ursell, statistician to the board of grain commissioners in his report of the February movement of Western Canadian crops. There remains, at lowest calculation, 180,000,000 bushels of wheat to be disposed of during the period till July 31. The report follows:

February was another decidedly disappointing month, both as regards the overseas movement and price levels. The export demand was little better than that for January, until late in the month, when moderate quantities of wheat were sold for shipment via both Atlantic and Pacific seaboard ports. Since then sales of several million bushels of Canadian wheat for export have been reported.

On the basis of the official estimate of production of 299 1-2 million bushels of wheat in Canada and allowing 45 million for seed, etc., there were on February 28 approximately 20 million bushels still in farmers' hands to market and 180 million bushels in store in Canadian elevators or in transit. Allowing 20 million for home consumption as flour or feed there remained 180 million for export during the next five months, or carry-over into the ensuing crop-year.

While the possibility of an export demand of sufficient proportion to absorb the whole of the Canadian surplus seems remote at the moment, Mr. Broomhall, in his review of February 18, suggests Italy and Germany will be in the international market later on, and that the United Kingdom and possibly other European countries as well will require further supplies.

The water works department at Saskatoon shows a net surplus for the year 1929 of \$31,717.59 as compared with \$18,561.54 in 1928. The revenue for the year was \$214,241.16. It has been suggested that every driver who goes a year without an accident should receive a bonus. This isn't the kind of thing any government does, but it might acknowledge spotless records by knocking off a few dollars on the annual car license.

Two Girls Live on Hot Water and Rice

Due to stomach trouble Miss A. H. and sister lived on hot water and rice. Now they eat anything and feel fine, they say, since taking Adlerika.

Even the FIRST spoonful of Adlerika relieves gas on the stomach and removes astonishing amounts of old waste matter from the system. Makes you enjoy your meals and sleep better. No matter what you have tried for your stomach and bowels, Adlerika will surprise you. —Errett King, Druggist, Vulcan.

NAMED FOR LEADER

W. R. Howson, Edmonton, Has Consented to Allow His Name to go Before Liberal Convention

In view of the resignation of Capt. Shaw as Provincial Leader, Mr. Howson will permit his name to be brought before the Liberal convention to be held in Calgary, March 27.

W. R. Howson was born on a farm in Peterborough county, Ontario, in 1885. After acquiring his first and secondary education he entered the Sovereign bank and rapidly rose to management of a branch. When the Sovereign bank was absorbed in 1908 by the Bank of Montreal, Mr. Howson went over to the latter organization.

In 1910 he left the bank and came to Alberta, where he entered the University of Alberta, and in 1915 graduated with degrees in arts and law.

After graduation Howson enlisted as a private and went overseas with the Canadian troops. Upon his return he became a partner in the law firm of Parlee Freeman & Howson.

Mr. Howson established an unusual record for ability and leadership during his university career, being elected to the presidency of almost every student organization and winning the gold medal awarded annually to the student with the highest general efficiency in his last three years. He was also the first graduate of the University of Alberta to be elected to the senate of that institution.

Since 1925 Mr. Howson has been president of the Alberta Liberal executive for federal affairs. In 1921 and 1926 he was asked to stand for election but refused on account of business reasons.

FISHING RULES

Fishing Rules That Reminds Us That Fishing Season Will Soon be Here

The following are the fishing regulations in regard to pike, pickerel, perch and gold eyes.

The pike season is open at present but will be closed on the first day of April to the fifteenth of May.

No one shall fish for catch or kill any pike (jackfish), pickerel (dore), perch or goldeyes from the first day of April to the fifteenth day of May following in each year, both days inclusive, except in the northern district specified in section 20.

No one shall fish by any means, other than by angling for sport purposes but not for sale or barter, except under license or permit from the Minister of Marine and Fisheries.

"Angling" shall include trolling and shall mean the taking of fish with hook and line held in the hand, or hook and line and rod, the latter held in the hand, but shall not include set-lines or lines fastened to a boat.

No one shall, in one day by angling or trolling, catch and retain more than fifteen pike (jackfish), pickerel (dore), goldeyes, or of either of these species than will, in the aggregate, amount to more than fifteen fish.

In water not frequented by trout, grayling or Rocky Mountain whitefish, angling or trolling may be carried on by resident British subjects without a permit.

The motion of G. G. Coope, M.P. re tariff reduction on motor trucks is laid over until the Tariff Advisory Board has reported.

MAN CAN'T SLEEP, GETS NERVOUS, HATES PEOPLE

"I could not sleep and got so nervous I hated everybody. Since taking Vinol, I can sleep 10 hours and feel full of pep all day." —Julius Bender.

For 30 years doctors have prescribed Vinol because it contains important mineral elements of iron, calcium and cod liver oil. The very FIRST bottle brings sound sleep and a big appetite. Nervous, worn-out people are surprised how QUICK Vinol gives new life and pep. Tastes delicious. —Errett King, Druggist, Vulcan.

AGAIN P E I

The Good Little Boy of Canada Sets An Example

Expenditures from local revenue have increased in every province except Prince Edward Island. The increase ranged from \$4.71 per capita in B.C. to 43 cents in Ontario. The highest increase in revenue was in Alberta with \$4.13 and the lowest in Ontario and Nova Scotia with 30 cents.

Alberta stood second highest amongst all provinces in expenditure for current account. On per capita basis Alberta's expenditure was at the rate of \$20.50.

BUTTERED CANADA

Much interest has been taken in the recent report from Halifax that two vessels had unloaded there 15,000,000 pounds of New Zealand butter. This butter was shipped inland and sold all across Canada.

There is another point about this butter. It appears to have reached Halifax from England. It had been shipped from New Zealand to "the world market" and, after arriving there, prices were so low that it was found profitable to ship it across to Canada, where butter prices were the highest in the world. After reaching Halifax it was again found profitable to ship much of this butter by rail to points in Ontario, Quebec and the Western Provinces. Why is the price so high here? Not because butter is scarce or the making of it unremunerative, but because the demand for it outstrips expectations. The prosperity of our people makes them the greatest butter eaters in the world, and the incoming of 15,000,000 tourists in the course of the year caused an unprecedented demand. With lower prices and a surplus for export the dairy interests might be not nearly as fortunately placed as they are. —Toronto Star.

SECRET OF SUCCESS

Wishbone and Backbone Both Necessary for Salvation

The secret of success is effort. Sheppard escaped because he used his wits. Napoleon conquered because he tried. The student knows because he learns. The scientist discovers because he searches. And the ordinary man fails to become good because he does not try hard enough.

No more than money does piety fall like manna from the skies. Piety is not a gift. It is an achievement. No sinner wakes up in the morning to find himself a saint just because he said his prayers the night before. A wishbone and a backbone are both necessary for salvation; but the wishbone is brittle and it is the backbone alone that will bend to the task.

We look at Europe in the early years of the nineteenth century and we see Napoleon moving vast armies across mountains and valleys with transport that would involve a modern army in immediate disaster. We see him deciding the fate of men and nations, winning battles against all the skilled generals of his age, codifying laws that were apparently hopelessly involved. And we stand open-mouthed in admiration of his genius. Genius it certainly is; but it is very largely the genius that Edison calls two per cent inspiration and ninety-eight per cent perspiration. The truth about Napoleon is that he was the greatest student of the art of war that the world has ever known. His success was due to his knowledge and his knowledge was due to his industry. Strict attention to business was his characteristic attitude.

Not only in the more or less innocent pursuits of the world do men pay this strict attention to business. Strict attention to business is characteristic of the lives of all men who have risen to eminence of any kind in the world.

ASK TARIFF RAISED

Sheepmen Want Duty on Mutton and Wool Restored

The Southern Alberta Sheep Breeders as well as many other sheep-breeding organizations are protesting to the Tariff Board, Ottawa, against the Australian treaty as it affects the wool and mutton trade. It wants the duty which was removed in 1928, restored.

Manufacturers who had spinning plants as well as knitting and weaving plants, were inclined to support the growers. Since the removal of the duty, they said, they had been compelled to lay off employees in their spinning departments. It was impossible, they said, to compete with the Yorkshire mills without protection.

Another view brought out was that the complaint of the yarn manufacturers had no relation to that of the growers. It was claimed that if the yarn required were made in Canada it would be made from imported "tops" as Canadian wool was not suitable.

In support of their application the sheep breeders claimed the market for wool in Canada had fallen off sharply since the duty on yarn had been removed. They were supported by a number of other associations in Southern Alberta and Saskatchewan. The hearing was adjourned.
